

Louisiana Bass Nation Youth Path to the National Championship High School Path

- Louisiana High School BASS Nation is comprised of 4 division or “Trails”: West, East, North, and the Louisiana State Trail.
- There are three qualifiers, per trail, for a total of 12.
- You can fish one trail, two, or all of them, it is your choice.
- You can fish any and/or all qualifiers you wish in each trail. *To help with our numbers, we ask teams to try to fish at least one qualifier in each trail if possible.*
- Top 10% of finishers at each qualifier, qualify to fish the state championship. If teams in the top 10% have already qualified, the spot goes to the next team in line. 10% of previously non-qualified teams will qualify at every tournament.
- Each trail will issue points depending on a teams finish at each qualifier. 300 for first place. Minus one point for each finishing positions below that.
- Points will be compiled, and teams will be ranked for each trail, after the final qualifier. *(The State Championship does not count toward trail points)*
- Trail champions automatically qualify for the national championship.

- A certain number of top finishing teams with points, from each trail will qualify for the National Championship. (That number is dependent upon how many teams participate in each trail)
- Every team who fishes our qualifiers will accrue points for every tournament that they fish for the season. The team with the most accrued points, overall, will become our “Team of the Year” and get an automatic bid to the BASS High School National Championship, scholarship funds, and prizes. (The more tournaments you fish, the better your chances to win this title)
- Teams who are in good standing with BASS can fish BASS High School Opens throughout the country (Usually 4 per year). Teams finishing in the top 10% of any B.A.S.S. High School, national open will qualify for the state championship and the BASS High School National Championship.

Junior Bassmaster Path

- All Junior Bassmaster teams can fish all High School qualifiers in their own Junior division.
- Junior teams accrue points for every tournament that they fish. 300 for first place, one point less per each spot below first.
- Their trail consists of all the high school qualifiers. They can fish as many or as few as they want.
- Total points are added up after the last qualifier and a “Team of the Year” is crowned.
- Points champions get an automatic bid to the Junior Bassmaster National championship.

- Teams must fish a minimum of two qualifiers to be eligible to fish the state championship.
- The state champion Jr. team wins an automatic bid to the fish Junior Bassmaster National Championship.
- The first 50 teams that sign up to fish each BASS High School Open throughout the country will have an opportunity to qualify for the Junior Bassmaster National championship if they win the event.

Thanks to our valued partners!!!!
